

# Ministry Projects Update

November 2023

ISI's ministry is currently seeing more discipleship than ever before! Following COVID, our mentorship numbers are higher than they were before the pandemic. In the last Academic Year, we saw **6,141** students discipled and **1,123** students reproducing their faith globally. This year, we're already discipling **2,073** students! These projects are helping us accelerate the Matthew 28 calling of the Great Commission:

## Plant Japan

Locations near 60 key subway stations throughout Japan have been identified as potential church plant sites. Partnering with local teams, our team is laying the groundwork through in-person and virtual prayer walks, asking for God to prepare and bless the church planters, ready the soil, tear down the barriers, and bless Japanese families with the fullness and saving Grace of Jesus Christ. We were just able to secure a team member to live there full time for this initiative.

## World Changers Conference

We want to see disciples multiply worldwide in spheres of influence where they live and work—religion, family, business, science and industry, art and entertainment, government and education. Unique to this conference, staff attend alongside students and mentor them during and after the conference. These events have received tremendous feedback and have greatly helped students become disciple-makers! The next event will be in Bradenton, FL from December 28 - January 2.

## NGO Go Entrepreneurship

NGO Go is an ISI initiative aimed at helping our students prayerfully and entrepreneurially conceptualize, design, and implement social enterprise solutions that address specific challenges. During previous World Changers, God moved on the hearts of several students to start Christian non-profits in their countries. This conference will give them the tools they need to formulate business plans and present them to donors. It will help them with next steps in their projects, and provide mentors to guide them on their journeys.

**Thank you for your partnership that makes the ministry of ISI possible!**

If you would like to invest financially, please visit our website at: [www.internationalstudents.org](http://www.internationalstudents.org). If you'd like to mail in a donation, you may send a check with the project name(s) written on the memo line to: International Students, Inc. (or ISI), PO Box C, Colorado Springs, CO 80901.
